

中国古生物学会头足类学科组成立大会暨第一届学术会议在无锡召开

中国古生物学会头足类学科组成立大会暨第一届学术会议自4月5日至9日在江苏无锡举行。参加会议的有来自全国科研、地质、煤炭、冶金和大专院校等近50个单位从事头足类研究工作的六十余位会员。这是我国头足类研究工作者空前的盛会,它标志着我国头足类研究工作进入一个新阶段。

开幕式由中南矿冶学院元任教授主持,头足类学科筹备组副组长梁希洛致开幕词。地质部石油地质研究所朱夏教授、中国科学院南京地质古生物研究所盛金章教授、中国古生物学会副秘书长陈丕基、江苏省煤田公司、江苏省煤田勘探一队领导参加了大会。大会收到江苏省古生物学会、安徽省古生物学会、南京大学地质系以及有关会员的贺信及贺电,对大会表示热烈祝贺,使大家受到很大的鼓舞。

赵金科教授以题为“努力发展学科,为社会主义建设服务”的书面发言中,回顾了建国以来我国头足类学科的发展是令人鼓舞的,并满怀信心展望未来,指出今后努力的方向:1).继续加强基础描述、分类、演化等传统研究工作;2).注意系统研究地层剖面;3).努力为经济建设服务;4).深入生物学方面的研究,提高研究水平。他的发言对推动今后的研究工作具有重要指导意义。

会上阮亦萍、梁希洛、何国雄、王义刚同志分别作泥盆纪、二叠纪、中生代菊石研究概况及国内外研究动态的报告。赖才根、张日东同志向到会同行作第四届国际奥陶纪会议概况及访日的报告。

会议共收到论文43篇,在会上宣读30篇,内容包括:头足类的分类、演化、生态、断代地层的头足类化石序列,含头足类化石地层的划分、对比等,化石多样,内容丰富,充分表现出通过三十多年来对头足类化石的研究,已取得了可喜的成绩。大会充分发扬学术民主,广泛进行了交流,关于鹦鹉螺的内部构造及二叠纪的菊石地层引起同志们的很大兴趣。9日,会员们参观了宜兴白洋塘二叠系与三叠系界线的剖面。

会议还讨论和通过了中国古生物学会头足类学科组章程。

大会经过充分酝酿选出了中国古生物学会头足类学科组领导小组:赵金科(组长)、梁希洛(副组长)、赖才根(副组长)、王义刚(秘书)、张日东、王汝植、徐光洪、沈耀庭、齐敦伦、杨逢清、李罗照。还聘请邹西平、朱夔玉担任副秘书长。

Inaugural Meeting of the Cephalopoda Research Group of PSC and the 1st Cephalopoda Symposium Held in Wuxi, Jiangsu Province (April 5—9, 1983)

The inaugural meeting of the Cephalopoda Research Group of PSC and the 1st Cephalopoda Symposium were held from 5 to 9 April, 1983 in Wuxi, Jiangsu Province. More than 60 Cephalopoda workers representing some 50 organizations, including research institutes, geological surveys, University geology department and geological colleges, attended the meeting. This is the first assembly of Cephalopoda workers over the whole country, and marks a new stage in Cephalopoda studies of China.

At the opening session, a written speech delivered by Prof. Zhao Jin-ke was read, and the achievements in Cephalopoda of China were reviewed and the present status of Cephalopoda researches in the world was introduced.

The symposium saw the presentation of over 40

papers dealing with the classification, evolution, ecology of Cephalopoda, the division and correlation of Cephalopoda-bearing strata. Thirth of them were read and fully discussed at the group meeting.

At the close session, the regulation of Research Group was hassed and the leading members of Cephalopoda Research Group were elected as follows: Zhao Jin-ke (chairman), Liang Xi-luo (vice chairman), Lai Cai-gen (vice chairman), Wang Yi-gang (secretery), Zhang Ri-dong, Wang Ru-zhi, Xu Guang-hong, Shen Yao-ting, Qi Dun-lun, Yang Feng-qing, Li Luo-zhao.

After the meeting, a geological excursion to examine the boundary between Permian and Triassic at Baiyangtang section of Yixing, Jiangsu Province was arranged.

Secretariat of the Symposium
